

Travelling to and from India

Today we are going to learn:

- How we can get to and from India
- The different ways of getting to India
- That the different routes have different good points and bad points

Geography skills – marking a route on a map

1. Draw on a route from the UK to India that **goes via ship**. You need to go around Africa.
2. Draw on a route from the UK to India that **goes via ship** through the Suez canal.
3. Draw a route that **goes overland**, either by train or by car.
4. Draw on the route that you would take if you went **by plane**.

5. Copy and complete this table

Travelling to/from India	Good point	Bad point
...by ship		
... by truck		
... by plane		

Choose the best method of transport and justify your choice for each of the following items:

6. Sending some tables from India to the UK.
7. A business women travelling from India to the UK.
8. Sending some computer chips from the UK to India.
9. A family in London going on holiday in India.

Look at this map below. Use this map to mark on the routes in questions 1 - 4.

KEY

Route 1 – via ship

Route 2 – via ship (Suez canal)

Route 3 - overland

Route 4 – by plane

Mark each route in a different colour.
Remember to complete the KEY.
