

## Topic : Evolution and Inheritance

### Task 1:

To complete the research needed to write a non chronological report.

I've sent you an example of a report to help you - Vampire Bats.

Animals UK visited Nettleham and showed us the following animals:

1. A Sulcata Tortoise
2. A Bearded Dragon
3. A Burmese Python
4. A Tarantula
5. A Skunk
6. A Fennec Fox

You will choose one of these and research the following areas:

Habitat, appearance, feeding, adaptations, their future outlook/ conservation etc.

You can use the plan I've sent you to help you organise your ideas.
